Emmaus Christian School offers parents an excellent education and mentoring within a Christian worldview and community.

- Our mission statement

Building Works

In 2009, in addition to regular maintenance works, the school refurbished the old hall to create a new library, and commenced work on the new gymnasium and associated car-parking. A new solar panel array was also completed that will potentially provide between 10-20% of the school’s electricity needs.

Annual Report to Parents Re: 2009

Sharing God’s world with the next generation

Florence Falls in Litchfield National Park, NT.

Images from the teachers and Year 10 Northern Territory Trip in 2009. Students assisted teachers with great activities and games. All schools gave us excellent feedback about our visit.
come in for sick teachers, plus one teacher had a protracted illness. Two teachers left during 2009—one to a higher level position in another ACT school and one to an overseas teaching opportunity. At the end of 2009, one teacher moved to Victoria.

Only one of our teachers has not completed her 4th year degree, but she will do so within the time limit set by the government (end of 2012). Two of our staff have 4 year qualifications plus Masters degrees. 100% of staff were satisfied with the school.

During 2009, $36,865 was spent on staff Professional Development, mainly on the trip to Darwin where we served three local Christian schools by taking each school for a special training day about Canberra. Other PD study was done by teachers individually in a wide range of areas.

Students

All students were satisfied with the school. There were 3368 student absent days which equates to about 6% of the year on average or 10 days per student. Absences included sickness, family trips, unexplained, and so on.

All but one of our 2009 Yr 10 students graduated into Yr 11 to continue their studies into 2010. They moved to: Lake Ginninderra College (13), Hawker College (1), Dickson (4), Marist Brothers (1), Burgmann (1), St Claires (1), and Interstate (3). One student commenced full-time employment.
