CHRISTIAN SCHOOL CANBERRA

Student Welfare Policy 1-7
Anti-Bullying Policy

Created
February 2017

Vision/Purpose

Emmaus exists to partner with parents, in providing a Christ-centred, Biblically-grounded and academically-rigorous education, which enables students to grow in wisdom and character, to the glory of God.

Values

1. Caring for Others

At Emmaus, we value, care for and respect each other because we are all made in the image of God. We partner with parents to care for and develop the whole person- body, soul and spirit. We foster a sense of belonging, celebrate one another's achievements and choose to be grateful for our school and each other. We are a community that learns in a fun, creative, encouraging and generous environment.

2. Striving for Mastery

At Emmaus, we encourage students to strive for excellence in all aspects of life: in study, work, and in relationships with God and with people. We believe God equips every person with gifts and abilities. We seek to instill in our students a strong desire to apply their utmost to what they do, an attribute that will long outlive their school years. Students are encouraged to master and apply academic and life skills in order to make the most of their opportunities in later life. Our goal is to equip students with the necessary skills and understanding to make wise and Godly choices, and to live resilient, fulfilled, and productive lives.

3. Equipping for Service

At Emmaus, our motivation for service is the love that Christ has shown us: his life of servant leadership is the example we seek to follow. Staff at Emmaus model integrity, accountability and the value of excellence in our work. We strive to equip students with both the desire and the skills to make a difference in the lives of others. We aim to grow students who are rich in Godly wisdom and noble character, and find their security in the love of Christ.

1 INTRODUCTION

Schools exist in a society where incidents of bullying behaviour may occur. Preventing and responding to bullying behaviour in learning and working environments is a shared responsibility of all staff, students, parents, caregivers and members of the wider school community.

The school's Duty of Care provides for the school to take the necessary steps to protect students from physical, psychological or emotional damage arising from issues such as bullying, and to take the necessary steps to avoid foreseeable risks of such behaviour.

Cyber bullying is harder to tackle as it most often occurs outside school. The school makes every effort to teach students to use the internet in a safe and responsible manner. Parents ensure their child's safe and responsible use of the internet and mobile devices outside of school.

Bullying is serious. It may be a criminal offence if there is physical violence or threats, made either in person or by digital technology.

2 CHRISTIAN RATIONALE

The occurrence of bullying behaviour relates to a breakdown in human relationships and the failure to love one another as Christ loves each person. God intends for us to live together in a community that acknowledges differences, and accepts others, because every person is made in His image. The Emmaus Christian School Canberra community represents the Body of Christ, where every person is valued and has a unique part to play, as *(In Christ) the whole body, joined and held together by every supporting ligament, grows and builds itself up in love, as each part does its work.* (Ephesians 4:16)

The school seeks to build a supportive, caring community which aims to protect all people from behaviour by others which may cause distress of any kind; and to foster the restoration of relationships of mutual regard and honour.

This policy aims to facilitate processes that will deter and prevent bullying; support and strengthen the victim; and address the cause, and suitable restitution, with the offender. The careful resolution of each incident will be for the benefit of each person involved, as they grow in discipleship; and of the whole school, *so that the body of Christ may be built up until we all reach unity in the faith and in the knowledge of the Son of God and become mature, attaining to the whole measure of the fullness of Christ.* (Ephesians 4:12b-13)

3 PURPOSE OF THIS DOCUMENT

This policy applies in all cases of student bullying behaviour, including cyber bullying, that occurs in the school; and off school premises, and outside of school hours, where there is a clear and close relationship between the school and the conduct of the student.

5 DEFINITIONS

Bullying: Bullying is an ongoing misuse of power in relationships through repeated verbal, physical and/or social behaviour that causes physical and/or psychological harm. It can involve an individual or a group misusing their power over one or more persons. Bullying can happen in person or online, and it can be obvious (overt) or hidden (covert).

Bullying of any form or for any reason can have long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying." National definition of bullying for Australian schools: (www.bullyingnoway.gov.au)

Cyber bullying: causing hurt via information and communication technologies, such as the Internet, social media, and through the use of mobile phones and other devices.

Harassment: on-going verbal or physical attacks on another person.

Procedural Fairness: investigations of an allegation of bullying, and any decisions made, will be impartial and without bias.

A person against whom an allegation has been made will be:

- informed of the allegations being made, and other information which will be considered; informed of the process to be followed in investigating the matter; given opportunity to respond to the allegations;
- and informed of the process to seek a review of any decision made in response.

[See Also the Appendix]

6 POLICY

Emmaus Christian School Canberra is committed to providing an educational environment in which students are valued and feel secure. ECSC rejects all forms of bullying.

- The school does not tolerate, condone or trivialise bullying.
- All students and staff have the right to feel and be safe in the school grounds, and when travelling to and from school.
- All students and staff have the right to be treated fairly and with dignity in an environment free from disruption, intimidation, harassment, victimisation and discrimination.
- No student, employee, parent, caregiver or community member should experience bullying within the learning or working environments of the school.
- All members of the school community contribute to preventing bullying by modelling and promoting appropriate behaviour and respectful relationships.
- Each member of the school community has a responsibility to ensure the safety of each other member of the community.
- Victims of bullying, and witnesses to bullying, are encouraged to report the incident.
- All reports of bullying will be taken seriously and investigated according to principles of procedural fairness.
- Cyber bullying which is engaged in while not at school, which impacts upon the learning of any student, will be addressed by the School, in conjunction with parents. The appropriate response will depend on circumstances.
- The school will have a suitable program of education for the prevention of bullying.
- Serious incidents, or threats, of violence may be reported to the Commission for Children and Young People, as required by law; and to the Police, depending on circumstances.

7 PROCEDURES

7.1 Creating a Supportive and Caring School Culture

School Curriculum will include age-appropriate programming:

- to educate students about bullying, social responsibility and building personal resilience
- to educate students to exercise digital responsibility in the appropriate use of technology
- to ensure that students understand what constitutes bullying
- to stop bullying behaviour
- to rebuild relationships based on a Biblical pattern
- to develop appropriate social skills and attitudes in the victims, perpetrators and bystanders of bullying; and empower students to resist bullying
- to promote and reinforce the Christian ethos of care and respect for each individual at Emmaus Christian School

Continued Professional Learning will include sessions each year about bullying:

- to help staff identify bullying when and where it occurs
- to provide clear procedures to deal with bullying
- to adopt classroom management techniques that discourage opportunities for bullying
- to present a vigilant watchfulness in playground duty and other supervision
- to support and restore those who have experienced bullying

7.2 Communication

The School communicates its values and practices for the prevention of bullying behaviour, and receives feedback, through a combination of the following:

- Anti-Bullying Policy published on the School's website
- Enrolment interviews
- Promotion of a safe, caring environment in school communications and meetings
- Incorporation of anti-bullying guidelines in the Student Code of Conduct
- Confidential annual Student Sentiment Survey; including experiences of bullying behavior, and personal feelings related to bullying
- Exit interviews
- Parent/ teacher meetings

7.3 Responding to a Report of Bullying Behaviour

- Take all reports, allegations or observations of suspected bullying behaviour seriously.
- Stop any altercations, violent or intimidating acts immediately.
- Ensure safety of all students involved, and care for anyone injured or upset.
- Inform the Deputy Principal, and relevant Section Coordinator, of all allegations or incidences of bullying as soon as practicable.
- Acknowledgement (by staff) of the allegation of bullying, and initial assessment of student safety, must take place as a matter of priority.

7.4 Investigating Reports or Allegations of Bullying Behaviour

- Investigations into bullying allegations must be undertaken in a timely manner and should be carried out in such a way as to minimise the risk of escalation.
- Establish facts from victim, bully and bystanders.
- Conduct interviews in a manner intended to reduce the risk of making matters worse for the alleged victim; nor allow the perpetrators to take some action in revenge.
- Establish whether an alleged incident is isolated, or an ongoing pattern of behaviour (bullying).
- Emphasise that it is the school dealing with the behaviour, rather than students being brought into a confrontation.
- All incidents are to be documented in Denbigh. Additional, detailed confidential reports will be kept on the Deputy Principal's behaviour management file.
- Inform appropriate staff about all incidents of bullying so they may be aware of any issues between students.
- Inform parents of victim and bully, and possibly parents of bystanders, throughout the process. Any serious consequences, and disciplinary action, will be communicated to parents in writing. An interview will also be requested.
- Serious issues will be reported to the Board.
- The School Chaplain is available for support of all students involved in bullying incidents; with a view to changing inappropriate attitudes and building resilience.
- Should bullying continue, further action will follow in line with the school's Discipline Policy. This can include behaviour contracts, suspension or, in the case of continued bullying, removal from the school.
- Serious incidents involving violence, or threats of violence by any means, may be reported to the Commission for Children and Young People, as required by law; and to the Police, if deemed necessary by the Principal and Deputy Principal.
- The School may recommend further professional counselling as necessary.

7.5 Procedures for Students

- Always be respectful towards other students, staff and members of the school community.
- Report any instances of being bullied to school staff and parents or carer.
- Students who witness, or know of, bullying should report it to a teacher.
- Where possible, take appropriate steps to discourage or prevent bullying.

7.6 Procedures for Parents

- Keep the school informed of concerns about behaviour, your child's health issues or other matters of relevance.
- Report bullying concerns to the school. It is important that parents allow the school to investigate allegations of bullying, and not intervene in the process.
- Understand that the whole story may be quite complex. Trust the school to resolve bullying matters according to the aims and procedures set out.
- If dissatisfied with the outcome of the investigation and subsequent actions taken by the school, an appeal may be made as described in the school's Grievance Policy.
- Children bullied physically on the way home may be a matter for reporting to the Police.
- Report cyber bullying to your service provider, or the internet site. Cyber bullying, such as Facebook comments, may also be a matter for the Police.

8 MINIMISE THE RISK OF CYBER HARM

- Never tell anyone, even your friends, your passwords, private details or access codes.
- When speaking to someone you do not know on the Net, be aware they may not be who they say they are.
- Be aware that there are predators who use the internet to lure young people into inappropriate sexual relationships. Others use tricks, such as pretending to be a bank, to get the victim to share their confidential financial details. This usually results in identity fraud and the stealing of money.
- Never reveal your email address to someone you do not know well; or give them personal information about your address, phone number or how they can meet up with you.
- Always be careful what you say or what you show a person in confidence on the internet for it is never guaranteed to remain confidential. The information may be sent on to others.

- Be aware that the internet is an unsafe place to put personal information and is frequently used for illegal activities. While there are millions of companies and organisations that use the internet for the benefit and building up of others, there are other people and organisations devoted to doing the exact opposite. Therefore, trusting the organisations and individuals you are dealing with simply because they have an internet site is dangerous behaviour. Treat the internet as an unsafe place at all times, be very aware of where and with whom you place any personal information.
- If you find yourself the victim of cyber bullying, keep the evidence and report the bullying to an appropriate adult. It is generally best not to respond to the cyber bully, or give them any satisfaction they have caused you hurt. If you do respond to the bully, do not do so while hot with anger. This can result in mutual cyber bullying which means both parties become guilty of bullying.

9 INDICATORS OF BULLYING

Students who are being bullied or harassed may not talk about it with their teachers, friends or with the school's counsellors. They may be afraid that it will only make things worse or they may feel that it is wrong to 'tell tales'. Parents and teachers have an important part to play in helping the school and the student deal with bullying. A change in behaviour in students may be a signal that they are being bullied or they have some other concern. Some signs that a student may be being bullied:

- unexplained cuts, bruises or scratches
- damaged or ripped clothing
- vague headaches or stomach aches
- refusal to go to school
- asking for extra pocket money or food
- tearfulness, anxiety or difficulty sleeping
- 'hiding' information on mobile phones, emails or in comments on their social networking pages

10 ADVICE FOR PARENTS

The school needs the assistance of parents to solve any issues involving their child. Staff will make every effort to resolve situations as quickly as possible. Your child needs your support and reassurance; and it will facilitate investigations, and the maintenance of a safe environment for everyone in the school if parents remember these few points:

Avoid premature judgement

Sometimes parents will react angrily to facts reported by their child, but upon investigation, these 'facts' are sometimes not accurate. Please remember there are two sides to every story.

Be patient

The school is committed to investigating a bullying allegation in a manner that protects the rights of all involved, including the bully. The school will take action as appropriate, but will at all times seek to exercise procedural fairness. It is important to allow the school to investigate the matter. Parents are advised not to challenge the bully directly, or contact the parents of the bully.

Be aware

With younger children especially, know your child's password and monitor social networking sites. They should be aware you will do so.

Be supportive

Dealing with a child who is a bully can be particularly difficult for a parent. Some will support the school. Others will not; and may even exhibit aggressive behaviour themselves. Other parents may be outraged because their child has been bullied. This can lead to the school being sandwiched between two sets of angry parents. Support and understanding is sought from parents of alleged bullies and alleged victims when the school is investigating an accusation of bullying.

11 INFORMATION FOR STUDENTS

If You are Bullied

- Tell a teacher. Don't be afraid that it will make things worse. The school will do everything they can to protect you. Most other students dislike bullying too.
- Tell your parents so that they can talk to the school about it.
- If you have been physically assaulted or threatened, or your property has been damaged or stolen, a criminal offence may have been committed.
- It can take courage to challenge the bully, to expose them for who they are and to play a part in improving our community by ridding it of bullying behavior.

Ways to avoid, or deal with, bullying behaviour

- When bullied, try not to get angry or show that you are angry. If your anger is obvious, the bully has the satisfaction of knowing that they have controlled your emotions.
- Admit to imperfections. It can send positive messages about you having a realistic understanding of yourself.
- Use non-offensive humour. Bullying can be blunted by a good laugh. The capacity to laugh at yourself can create a bonding with a group that might otherwise remain hostile.
- Review your own behaviours and body language. If you look like a victim you can become a victim. Squared shoulders and a smile can do much to deter a bully.
- Avoid trouble spots. There are always places that are high-risk areas for bullying. Avoid them.
- Develop your 'emotional quotient'. This includes the ability to read body language, to sense mood, to be intuitive and empathetic. Such skills not only make you less of a target, they can enable you to see where a situation may be heading. Early detection of possible bullying can provide options for avoiding it.

- Surround yourself with good friends. Those with strong friendships are usually less of a target for bullies.
- If bullied, try not to retaliate for this can often inflame the situation.
- If you are being bullied, remind yourself that it is the bully who has the problem, not you. Try to think through what inadequacies the bully might have that causes them to behave this way. Understanding a bully is a great way to begin to solve the problem.

Building Personal Resilience

- Maintain good self-esteem.
- Work on fitting in, getting involved and making a rich contribution to the school.
- Model kindness, thoughtfulness and respect.
- Don't build up situations out of all proportion.
- Develop an ability to deal with:
 - Failure and success
 - Threats and fear
 - Rejection and disappointment
 - Anger and hurt
- Try and maintain good physical fitness.
- Develop your skills and talents.

13 APPENDIX

13.1 Bullying - Examples

- **Verbal:** offensive names, teasing, abuse, sarcasm, insults, threats, making fun of someone, making racist or sexist remarks and putdowns about someone's cultural, religious or social background, ridiculing a person's body appearance
- **Physical:** hitting, punching, kicking, scratching, tripping, spitting, violent behaviour, throwing objects
- **Social:** ignoring, excluding, ostracising, alienating, making inappropriate gestures, threatening or frightening behaviour, forcing a student to do silly or dangerous things
- **Psychological:** spreading rumours about someone or their family, dirty looks, hiding or damaging possessions, demanding money, food or other items, belittling a person's abilities and achievements, malicious SMS and email messages, inappropriate use of camera phones, writing mean or spiteful notes or graffiti about others

13.2 Cyber Bullying

- Cyber bullying is a growing problem. It can be particularly damaging because of the capacity it has to humiliate, hurt and harm a person in front of a huge 'audience'.
- Cyber bullying has been linked to depression, self-harm and even suicide.
- Cyber bullying represents unlawful activity that may result in police laying charges.
- Examples of Cyber Bullying:
 - Sending hateful or threatening comments or pictures electronically
 - Using modern technologies to engage in the social exclusion of someone and in hate group recruitment
 - Posting rude, explicit or embarrassing messages or pictures about someone on the internet
 - Identity fraud or other harm
 - Putting pressure on a person to send revealing or compromising pictures of themselves
 - Covertly filming, recording or taking pictures of someone and posting the images on the internet to cause hurt
 - 'Outing' and disseminating confidential information about someone
 - 'Flaming' and multi-messaging to clog up a person's electronic system and to cause them distress
 - Using aliases and pseudonyms in chat rooms and on social networking sites in order to harass and upset
 - Engaging in cyber-stalking and the invasion of privacy
 - Referring to your school in a negative or disparaging way on the internet

13.3 Further Issues

- Sending sexually explicit images of anyone, including yourself, is a crime if you are under the age of 18 years. If the person in the picture is under 16 years, it is a very serious crime.
- Any material sent electronically can never be entirely removed even when 'deleted'. The image may emerge at any stage in the sender's future life and lead to serious consequences. Using pseudonyms, passwords and avatars does not protect the identity of a cyber bully. Technologies exist to identify those who misuse modern technologies to harm others. One's "digital footprint" may be accessed many years after material is posted online and used by others, e.g. prospective employers and the media.
