Road Ready Information for Students & Parents 2019 (Yr 9-10)

Monday, 9th December to Thursday, 12th December 2019 (Term 4 Week 9)

Year 10 room, starting from 9am to 3pm.

What is Road Ready?

It is a community and school based educational project that will help prepare young ACT people to become safer and more responsible drivers.

The key approach we take with Road Ready school program is to '...do things with the young people' instead of '...doing things to them' in relation to road safety. Through a range of pedagogical approaches and being mindful of different learning styles, Road Ready intends for young people to understand and explain driving behaviours and motivations and to comply voluntarily with road rules and using the roads safely.

A 13 Module course which needs to be completed before a person is issued their Learner's driving licence and includes the road rules will be offered. It focuses on attitudes and information relating to driving. A school-based program offers opportunities for young people to acquire skills and knowledge from informed and supportive teachers/adults and to listen to and reflect upon the ideas, opinions and behaviours of their peers.

We use a classroom program that includes mini research activities, statistical analysis, problem solving, decision-making sessions, group activities, etc to help make young people be aware of issues relating to safer road use.

Road Ready course has three main objectives:

1. To encourage early learning of risks and hazards recognition in the driving environment.
2. To encourage the accumulation of as much driving experiences as possible under the safest possible conditions
3. To raise awareness of the complexities of driving.

What is the Learner's responsibility?

Attend a minimum of 12 modules out of the 13 modules, learn the road rules at home and pass the test by the end of the course and also contribute to discussions and all activities during the course time.

What doesn't Road Ready do?

It does not give driving instruction and does not teach road rules.

What can Parents do?

Use the facilities available now to be more informed.

Bus Network Student Forum (APFACTS)

Tuesday, 10th December 2019 (Term 4 Week 9) 4pm – 5pm

A Bus Network Student Forum will be held on Tuesday 10th December 2019 to understand what students think of the bus network. APFACTS will be hosting and are interested in hearing from students transitioning to high school and perhaps recently started using the bus. They are also looking for independent, mature students who are comfortable representing their thoughts (rather than their parents) perhaps year 10ish. If your child is interested in attending and giving their feedback please contact Jennifer Rickard, Executive Officer APFACTS on 02 6287 3538.

The details of the forum are as follows:

Date: Tuesday, 10 December 2019

Time: 4pm to 5pm

Location: APFACTS Boardroom, Ground floor, 496 Northbourne Avenue, Dickson
(students coming by bus or light rail should get off at Dickson Interchange, about 250m away)

Topics to be covered are communicating with students, understanding students' needs and how to encourage more students to use the network.

The elective art class visited the National Gallery of Australia a few weeks ago.

We have been investigating sculpture materials, styles, techniques and processes this semester. A tour of some more contemporary works inside with some good questions and ideas developing. We ventured outside to the sculpture garden, Sky Space and chose a sculpture to draw and think about how and why it was displayed that way.

THE UNIVERSITY OF SYDNEY

"A black cat"

Canberra preschoolers,
we need your help!

"I see a lion"

"Look, a spider!"

"A hungry taterpiwar"

As children are learning words they are also learning speech sounds. Some children have clear speech and some do not.

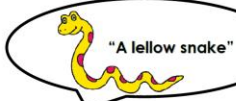

We want to find out how preschoolers listen to sounds and learn words.

WHAT IS THIS STUDY ABOUT?

- We want to find out three things:
 - 1) What types of speech sounds are easier for children to hear in words?
 - 2) What types of words in books help children learn new words?
 - 3) Is the clarity of a child's speech related to their ability to listen to sounds in words and learn words?

WHY TAKE PART IN THIS STUDY?

- Your child's involvement will help speech pathologists better understand how to help children listen to sounds and learn new words.
- You will receive a brief summary report about your child's speech, language, and hearing skills.

"A yellow snake"

WHO CAN TAKE PART?

- Preschool children who:
 - are 4 or 5 years old
 - speaks English
 - have typically developing speech OR a speech problem
 - have no other developmental concerns
- Children may or may not be seeing a speech pathologist.

WHAT WILL IT INVOLVE?

- A speech pathologist will come to your home in the Canberra area for two 90 minute visits, 1 week apart.
- During these visits, your child will receive an assessment of their speech, language, and hearing.
- Your child will listen to 4 short stories. Each story will contain 1 new made-up word.
- We will also give you a DVD recording of the stories to play to your child at home between the two visits.

For more information or to express interest in this study, please contact Stephanie Hearnshaw (Speech Pathologist & PhD Candidate):

Email: speech.study@sydney.edu.au
